PROFILE

Game Design and Production graduate (2:1) from Abertay University, specialising in gameplay, level, and mechanic design. Nominated for the TIGA Graduate of the Year Award (Production & Enterprise). Experienced in collaborative and solo development, including a professional project for Rockstar Games. Confident in bridging creative and technical workflows, coordinating production and delivering interactive projects across disciplines.

CORE SKILLS

Production: Agile/Scrum, team leadership, sprint and milestone tracking, resource allocation, Jira, GitHub.

Design & Technology: Gameplay and level design, C#, Unity, Unreal Engine (Blueprints), UX/UI design.

Creative: 2D art and animation (Aseprite), audio design, marketing.

EDUCATION

Abertay University - BA (Hons) Game Design and Production, 2:1 | Sep 2021 - Jul 2025

Specialised in interactive workflows, agile production, user engagement, aesthetics, and engine pipelines through team and individual projects.

PROJECT HIGHLIGHTS

Ophelia - Honours Project | Solo Developer

Unity • C# • 2D/Pixel Art • Narrative • Audio

Designed and developed a complete game independently, from concept to final production, combining programming, art, narrative, audio, and game design. Explores societal expectations placed on women through surreal psychological-horror dreams, using discomfort and uncertainty as deliberate design tools. My ambition and project management contributed to a TIGA Graduate of the Year Award nomination.

Black Mass - Professional Project for Rockstar Games

3D Art • Animation • Puzzle Design • Marketing

Worked in a multidisciplinary team on a first-person psychological-horror game for Rockstar Games. Designed environmental puzzles and gameplay scares, created jump-scare animations and 3D environmental assets, and produced the gameplay trailer. Contributed to player progression, exploration, and tension; received recognition for the trailer.

Game Jams - Game Designer & Programmer

Design • Programming • 2D Art • Balancing

Collaborated across three game jams on design, programming, gameplay balancing and 2D UI art. Adapted to tight deadlines; took sole responsibility for programming on *Get Down to Groove*, helping the team achieve a university Top 3 placement.

PROFESSIONAL EXPERIENCE

Spice&Grind, Manchester - Solo Trailer Manager & Operator | May 2026 - Present

- Solely manage weekday operations of an independent coffee trailer without supervision.
- Track inventory and forecast stock; maintain workflow, workplace standards, customer satisfaction, and health and safety compliance.

Blue Palm Coffee, Manchester - Barista & Shift Operator | Jan 2026 - Jun 2026

- Independently managed daily operations of a luxury outdoor trailer, maintaining quality control.
- Managed inventory, stock control, and supplier tracking to prevent service downtime.

Salt and Pine, St Andrews - Team Leader & Shack Manager | Apr - Aug 2025; Dec 2025 - Jan 2026

- Led a three-person frontline team, delegating tasks during peak periods.
- Held operational responsibility for an isolated location, including logistics and upkeep.

Invercarse Hotel, Dundee - Senior Events Staff & Trainer | Jul 2022 - Feb 2024

- Delivered top-table service at large corporate functions and weddings.
- Trained and mentored new staff, developing onboarding workflows to maintain service standards.
