Creative Producer & Designer with a 2:1 from Abertay University. Nominated for the TIGA Graduate of the Year Award for Production and Enterprise. Experience working in teams and delivering interactive projects to high-profile clients like Rockstar Games. Adept at managing sprint schedules, bridging technical and creative pipelines.

EDUCATION

Abertay University | *BA (Hons) Game Design and Production (2:1) - Sep 2021 - Jul 2025*

- Specialized in interactive workflows, agile production, user engagement, aesthetics, and engine pipelines using a range of technical softwares within teams of people and solo projects.

CORE SKILLS

- **Management:** Agile/Scrum, Team Leadership, Milestone Tracking, Resource Allocation, Jira and Github.
- **Design & Tech:** C#, Unity, Unreal Engine (Blueprints), Level Design, UX/UI Design.
- **Creative Content:** 2D Art & Animation (Aseprite), Video Editing, Audio Design.

PROJECT HIGHLIGHTS

***Ophelia* - Honors Project | Solo Developer**

Unity • C# • 2D/Pixel Art • Narrative • Audio

Independently designed and developed a complete game from concept to final production, combining C#, 2D art, narrative, audio and game design. The project explores societal expectations placed on women through a surreal psychological-horror experience, using player discomfort and uncertainty as deliberate design tools. **Nominated for the TIGA Graduate of the Year Award – Production & Enterprise.**

3 Game Jams | Game Designer & Programmer

Design • Programming • 2D Art • Balancing

Collaborated across three rapid-development game jams, contributing to game design, programming, gameplay balancing and 2D art. Adapted quickly

to tight production deadlines while working with teammates to develop and refine playable concepts. For *Get Down to Groove*, I took sole responsibility for programming and helped the team achieve a **Top 3 placement at university**.

Black Mass | Professional Project for Rockstar Games

3D Artist • Animator • Puzzle Designer • Marketing

Collaborated within a multidisciplinary team to develop a first-person psychological horror game for **Rockstar Games**. Designed and implemented environmental puzzles, including padlock and light-switch puzzles, alongside gameplay scares, jumpscare animations and 3D assets. Created the game's **gameplay trailer**, showcasing the project and its core mechanics. Contributed to the player's progression, exploration and tension while working within a team to deliver a complete playable project to an industry brief.

PROFESSIONAL EXPERIENCE

Spice&Grind, Manchester - Solo Trailer Manager & Operator | *May 2026 - Present*

- Independently manage 100% of daily operations for an independent coffee trailer, working Monday to Friday under zero supervision.
- Own the end-to-end supply chain, including daily inventory tracking and stock forecasting.
- Maintain strict quality control, workflow efficiency, customer satisfaction, health and safety compliance, serving as the face of the business.

Blue Palm Coffee, Manchester - Barista & Shift Operator | *Jan 2026 - Jun 2026*

- Independently manage daily operations of a high-volume outdoor trailer, maintaining strict quality control.
- Own inventory auditing, stock control, and supplier tracking to guarantee zero service downtime.

Salt and Pine, St Andrews - Team Leader & Shack Manager | *Apr - Aug 2025 & Dec 2025 - Jan 2026*

- Led a frontline service team of three, managing task delegation during peak periods.
- Trusted with complete operational oversight of an isolated location, managing logistics and upkeep.

Invercarse Hotel, Dundee - Senior Events Staff & Trainer | *Jul 2022 - Feb 2024*

- Spearheaded top-table service execution at large corporate functions and high-profile weddings.
- Trained and mentored incoming staff, designing onboarding workflows to maintain quality standards.
